

## BANK TESTIMONIALS

“Advantage Solutions is an incredible process and opportunity whose time has come. As we tap into the available services and library of intellectual property, it occurs to me that this process is something of which Community Bank Presidents have only dreamed. Now, for us, it is all a reality. I have asked myself; ‘why hasn’t someone thought of this before?’ Then I realize that others have only scratched the surface with bits and pieces. This is the whole package; complete, well developed, affordable, exclusive and best of all available to us all.”

“...Less than one year since we began the results are nothing less than amazing. We see our competition doing things they have never done before, it is obvious that they are just trying to keep up. Our Mortgage department business doubled in the first three months, this in a down market that is one third as large as it was in the past. By my calculations this is a 600% increase based upon a fair market comparison.

“Alexander Group was just the shot in the arm that Jonesburg State Bank needed. Through their efforts and suggestions our secondary lending program has jumped dramatically in new revenue to our bank. Alexander Group provides good analysis and training to get the process started and then provides tools to track the success. We would recommend their services to any business that wants to improve their numbers.”
